Customized tours

- Requests from embassies, foreign ministries, etc.
- Requests from Danish companies wishing to invite customers, investors, etc. to visit.
 - These visits can be grouped in "hubs" depending on their theme, and combined with other site visits to different companies
 - Transport, meals, accommodation to be paid by for the Danish companies

How to get involved

- Fill out an Expression of Interest
- Send the form to tja@stateofgreen.com by the **3rd of May 2019**
- The incoming input will also be used for State of Green's upcoming tours-brochure with a focus on the Danish strongholds within water
- Download the form: <https://stateofgreen.com/en/expressions-of-interest-technical-tours-wrd/>

Expression of interest

Technical Tours during IWA2020 in Copenhagen

If you wish to be part of welcoming delegates in connection to the IWA World Water Congress 2020 in Denmark, please fill out the template below. We cannot guarantee a visit, however we aim to put together an interesting and relevant visiting program for the participants.

Company name	
Location of site visit (address)	
Website	
Contact (name, phone, e-mail, title)	
Solution within the following area:	Wastewater__ Water supply__ Water management__ Groundwater__ Climate adaptation__ Energy recovery__ Digitalisation__ Water loss__ Water in industries__ Other_____
Description of the site/solution (what can the participants see, maximum no. of participants, what other companies have contributed with technology)	
Which markets / countries are you most interested in?	
What type of delegations are you most interested in? (e.g. Business, Public Sector, Journalist, University, Organisation, Utility)
