

DTU FINALS EVENT

JOIN US ON MAY 18!

NEXT
GENERATION
WATER ACTION

On behalf of The Technical University of Denmark, IWA Young Water Professionals and partners, we invite you to join our Grande Next Generation Water Action Multi-Hub Finals Event on May 18th 2021 taking place at the venues of DTU Skylab!

Be inspired by and support **20+ bold ideas targeting the future of the water sector** pitched by selected startups and finalist student teams. Teams are competing for unique awards - Best Pitch, Mentoring and winners' **awards worth 18.000 EUR** for acceleration and IWA World Water Congress 2022 scholarships.

Inspirational talks from global water leaders and young change-makers will top off our multi-hub finals taking place simultaneously in **Kenya, Ghana, Korea, India, Mexico and Denmark**. Join the global **celebration** of our **100+ young water ambassadors** and bring their ideas closer to impact by connecting with the local teams, partners and network!

NEXT
GENERATION
WATER ACTION

The Next Generation Water Action Multi-Hub Finals will take place in all participating countries at the same time - connected virtually through a global livestream during the main program!

DTU Skylab

At our local venue in Denmark at DTU Skylab, we will provide the main stage for the livestream's chore program, where jury members, partners and speakers will be live on stage. This physical program will be topped off with virtual input from our global hubs.

Program (CEST) - for more exciting details [click here](#)
